"Auburn, We Love Thee, For Thy Tender Memories"

That all students and friends may recall with us the pleasant memories of another school year, which has winged into the past with its colorful activities of a wide awake student body.

THE STAFF OF '43

presents

This Fourteenth Edition of the RAINIER VISTA

The Administration Building

Dedication

To Mrs. A. B. Bringle who has travelled the second mile in her service as director of foods at our school; to her who has reigned efficiently with all the graces of a careful mother solicitous of the diet needs of her children, of a big sister sympathetic with those who worked with her, and of a queen whose artistic touches in flower arrangements and deck displays have added a touch of beauty to her kingdom, and whose genuine hospitality has cheered many a guest; to her who has grown dear to the heart of every loyal son and daughter of Auburn Academy through the eight years of her service—we gratefully dedicate this

To Mount Rainier-eng Barbara milsbelsen

Dear old Mountain, like a fortress, with your background against the sky, We have known the grandest times together, you and I. We have watched the sun arise, rejoicing, day by day We have seen the sparkling stars in blessing shed their ray.

Our memories are so dear and our remembrances so sweet When, for four short years, we have played about your feet. You, who have heard our voices raised in great and glorious psalms Worship with your evergreens Him who was blessed by palms.

Everyday you watch above us, in each class and as we play We've come to know you as a friend; we seem to hear you say, "Before you were, and your school was, I stood against the sun Protecting with my strength the land that God had termed, 'Well done'!

"He made me, and He blessed me with every bush and tree
And every wind that blows above me, wild, and fresh, and free."
Oh, we love you, mighty Mountain, very near and yet so far,
Primeval floods have torn you and left trace of wound and scar.

You are rugged, and we trust you; you are strong, and we admire, You have kindled in our hearts an everlasting, living fire.
Watch above us, lead and guide us as you did the wild red men, Speak of great, almighty power to each wondering heart again.

AVERILL MAY JONES 1924-1943

In Memoriam

Her genuine Christian spirit of service, her faithfulness, her patience, her winning smile, and her pleasant disposition made her a friend of all who knew her. Now she, as sunshine must, has slipped away with the twilight.

To pay our last respects to her who has crossed the bar, we pause in memory of our beloved senior classmate.—Averill Jones.

To acquaint the youth of today with the spiritual problems of the world, and to enable them to become better servants of mankind, our Sabbath School, Missionary Volunteer, Ministerial and Progressive Bands function regularly.

While taking an active part in these religious organizations, students may acquire a capacity for accepting and holding responsibilities which may present themselves, and may build stronger characters for an eternal life to come.

DESCRIPTIVE

The buildings consist of two separate dormitories, the administration building, the new industrial building with a floor space of 21,000 square feet, the laundry and heating plant and eight homes for teachers. A new gymnasium, 150 feet by 55 feet is now being constructed.

The location of the school is unusually attractive, on the edge of a plateau over-looking the Green River valley, with snow-covered Olympics visible to the west, and beautiful Mount Rainier dominating the landscape toward the east. The buildings are set in a campus of several acres, which is inset with numerous flowers and shrubs, fringed on three sides with evergreen trees of various kinds. The academy farm consists of about 100 acres, much of which is improved and growing good crops. A chicken house shelters an excellent flock of hens which supplies the kitchen with fresh eggs. A commodious barn houses a herd of twenty fine Jersey cows that supply the dining department with rich milk and cream.

The administration building contains, in addition to offices, music studios and class rooms, the chapel seating about 250, the enlarged dining room with seating capacity of 250. The library with more than 2,500 volumes is also located in this building.

STUDENT ACTIVITIES

In connection with the academy are a number of organizations, religious and social, which give the students opportunity to develop leadership and their talents of speaking and writing, as well as training in various kinds of missionary work.

Most prominent of these is the Missionary Volunteer Society, conducted throughout the school year by the students, and working in harmony with the General Department. Many active bands carry on the work of this organization, including the Master Comrade, Literature, and Sunshine bands. These bands tend greatly to stimulate missionary activities among the students.

The academy Sabbath School is conducted largely by the students, assisted by teachers.

The students of the academy have developed an organization known as the Associated Student Body of Auburn Academy. The purpose of this organization is to promote the social and cultural interest of the student body.

THE STUDENT'S PLEDGE

It is distinctly understood that every student who presents himself for admission to this school thereby pledges himself to observe its regulations, and live in harmony with its ideals and purposes. Unless he is willing to do this freely and without reservation, he will not be admitted to the school. If this pledge is broken, he will be retained only by the sufferance of the faculty for such time as he is not a serious detriment to others. Students who fail to respond to appeals addressed to their manhood or womanhood or sense of honor, and those whose influence is found to be harmful, will not be allowed to remain in the school even if they have been guilty of no specially culpable offense. On the other hand the faculty pledges the parents that they will faithfully endeavor, to the limit of their ability, to help young people who seem not to appreciate the privilege and responsibilities that come to them. No student will be lightly dropped from the school, and parents may be assured that their children will be given every opportunity to develop Christian characters as long as they show a desire to cooperate with the teachers toward that end.

SOCIAL GUIDANCE

To assist the student in moving through the academy life with a minimum of friction and at the same time to contribute to his physical, mental and moral powers is the goal of all academy regulations. A kindly application of the following broad basic principles is the aim of the faculty.

No student is retained who uses tobacco in any form. Nor can the school tolerate profane or indecent language, disorderly conduct, card playing of any kind, including flinch and other like games, also such unprofitable games as checkers or chess, gambling, dancing, improper associations, the possessing or reading of novels and story-magazines, visiting of pool rooms or other places of detrimental influence. Neither can students be allowed to attend the theater, moving picture show or any other entertainment of an objectionable character, because these interfere with the student's work and exert a wrong influence in the school.

The seventh day is observed as the Sabbath, and a proper quiet and decorum is expected of all students. Engaging in unnecessary work or improper recreation on this day is out of harmony with the spirit of the institution.

Young men and women may associate in a frank, manly and womanly manner at times and in places that are proper and in harmony with the spirit of the school; but sentimentalism, note writing, flirting, strolling together about the grounds, or elsewhere, loitering about the campus or sitting together in public services are not conducive to the best progress in study or to the good name of the school.

As this academy was established for the purpose of giving a distinctly Christian education, no student is retained who either publicly or secretly seeks to disseminate immoral or atheistic ideas among his fellow-students.

The home is not a public building. No lady or gentleman would think of entering a private home without permission; hence people living outside, in calling upon members of the home family are expected to observe the civilities of social convention.

It is expected that all students have respect for academy property, and in case of destruction of property of any kind, such as breaking windows, dishes, or tools, the honest student reports the breakage and settles for it.

Because modesty in dress is conducive to sound character building, students dress simply and sensibly, avoiding extremes. For girls, simple dresses are recommended. The excessive use of cosmetics, the wearing of French or other extremely high heels, very narrow skirts, sleeveless dresses, low backs, transparent waists, jewelry such as necklaces, finger rings or bracelets is not in harmony with the principles of the institution. We strongly urge parents to supervise their daughter's wardrobe, and save her embarrassment by eliminating anything out of harmony with these principles.

Students who are not Seventh-day Adventists may attend the Academy without feeling any embarrassment whatever, as long as they do not interfere with the plans for which the school is established.

It is expected that young ladies will be properly chaperoned whenever leaving the campus.

Unmarried students whose parents or legal guardians do not reside in the vicinity of the school should board and room at the Academy. Certain circumstances might arise where an exception should be made to this rule. Such cases will be considered by the faculty upon written request with reasons fully stated by the applicant.

If it seems necessary, or to the best interest of the student, faculty permission may be obtained for correspondence work or private lessons.

Should a student be absent 10 per cent of the class recitations during one semester his grades are subject to a cut of one point (from A to B or B to C etc.). Also should a student be absent as much as 20 per cent of the class meetings in one class he may forfeit his grade. The class work missed can be made up if due to prolonged illness.

The management provides from time to time pleasant social gatherings and outings for the students. All gatherings of whatever nature, have a faculty chaperon, and a list of students invited is submitted to the principal at least two days beforehand.

Parents are requested not to give permissions that conflict with the rules of the school.

All classes are entered or dropped by a voucher signed by the principal.

No firearms are allowed on the school premises.

It is suggested that any girl who expects to sing in the choir or chorus, provide herself with a dark skirt—either black or navy blue—and a white long-sleeved shirtwaist style blouse. White satin is suggested. This provides a uniform appearing group upon public performances, and such an article of dress as a dark skirt is always useful in a girl's wardrobe.

Boys who expect to take part in glee club, choir, etc., will find a dark suit and white shirts of great service when purchasing new items for the wardrobe.

MISCELLANEOUS

To remit, send money by draft, check, or money order payable to Auburn Academy, not to an individual.

Mail for students residing in the Homes should be addressed to them, care Auburn Academy, Auburn, Washington.

For those coming by train, tickets should be bought and baggage checked to Auburn, which is reached by all main line steam roads. If coming by bus from Seattle to Auburn, take the Enumclaw bus, and ask to be let out at the Academy stop. Those notifying the Academy are met at Auburn.

No student under fourteen years of age is permitted to reside in the school Home unless he has completed the eighth grade or has made special arrangements with the school management.

Students arriving Sunday and Monday of the opening week of school are given free transportation from Auburn to The Academy. Students arriving late are charged for transportation.

Withdrawal: If withdrawal becomes necessary for any reason, the proper method is to secure a drop voucher from the principal in order to avoid further charges for expenses.

School supplies, stationery, and toilet articles may be puchased at the Academy.

Automobiles may not be brought to the school by students unless they have first made special arrangements with the principal. Experience has proven that free access to an automobile during the school year is detrimental to good work.

The school assumes no responsibility in forwarding personal belongings such as clothing, blankets, or books to students who withdraw from the school.

Labor credit either by students or parents is not transferable nor redeemable in cash except as authorized by Board action.

HEALTH SERVICE

At the beginning of the school year a thorough physical examination is compulsory. During the year a reasonable number of consultations and the attention of the physician are covered by the medical fee. Hospital care, medicine, laboratory service and operations must be paid for. For the benefit of the students a school nurse is employed by the school. Her attention and care is added to the guidance of the deans of the school homes.

ANSWERS TO FINANCIAL QUESTIONS MOST FREQUENTLY ASKED BY PROSPECTIVE STUDENTS

- 1. How can a room be reserved?

 By sending in an application (on special blank) and a deposit of \$5.00.
- 2. Is there an advance deposit required?

 An advance deposit of \$40.25 is required of all dormitory students and \$17.25 of students living outside of the dormitory. From these amounts the first semester entrance fees of \$5.00 is deducted for matriculation, library, medical and laboratory charges and 25 cents is turned over to the Associated Student's treasurer. The balances of \$35.00 or \$12.00 respectively are set aside as working capital for the school and will be refunded at the close of the year. Usually this covers the last month's expenses.

DORMITORIES

The dormitories are in charge of experienced teachers who understand young people, and are able to help them solve their problems. Constant appeal is made for sincere cooperation on the part of every student in maintaining wholesome standards of living on the principle that kindness and confidence are more efficacious than stringent rules. Careful attention is given to the study of the personality of each student, and methods are employed that will best bring out the individuality of each. In a special way the government of the Home rests upon the mutual good understanding between teacher and pupil.

It frequently happens that students are unexpectedly called for, and inasmuch as the home management should at all times know the whereabouts of those under their charge, no student should leave the campus without permission from the preceptor or

preceptress.

It is desired that the school be quiet and orderly, and that students shall conduct themselves in a manner consistent with a refined home. Loud talking, running up and down stairs, entering rooms without the consent of the occupant, and scuffling anywhere in the building are out of order.

Picture moulding is provided in all rooms. No tacks should be driven into the

walls.

The school home is conducted on the same principles as are well regulated Christian homes. Morning and evening worship are maintained in the school homes throughout the year. The deans who are responsible for the worship hour give careful study to these exercises in order that all may be benefited by attending. Every student is expected to be present, and those in charge of the Home require a reasonable excuse for absence.

All students are expected to attend public services on the Sabbath, unless excused

by the dean, in which case they will remain in their own rooms.

Owing to the modern easy means of travel, there is a strong tendency on the part of students and parents for frequent week-end visits home. This, however, has been found to be detrimental to the best interests of the school. Therefore it has been recommended that the faculty do not grant permission for such visits more often than once in six weeks, except in extreme cases. Requests should be made to the principal by the parents, in writing, several days before leave of absence is desired. In all cases the faculty reserves the right to decide as seems necessary for the best interest of the school.

Flesh foods are not served in the dining room, and should not be brought into the

school homes.

A student's being absent from the dormitory after evening worship without permission is considered a serious violation of the rules of the dormitory.

All trips farther than Auburn from the school must be authorized by the principal. The school is not responsible for any personal property left on the premises after a student leaves school.

Phonographs and radios are not permitted in the dormitories.

Do not bring popular music.

WHAT TO BRING

Each student should bring four sheets, three pillow slips, a pillow, and a bed spread, warm blankets or comforters, towels, dresser scarf, and a cover for his study table, 30x48 inches; also work clothes, and a laundry bag. Our denominational books such as The Testimonies, Desire of Ages, Christ's Object Lessons, Steps to Christ, will be of help. No rugs, carpets or window curtains are furnished with the rooms, but should be brought by the student if desired. A few pictures for the walls are desirable. Girls should bring curtains for one window 5x3½ feet. Boys should bring curtains for two windows 5x2½ feet. Girls should bring a curtain for clothes closet door which is 6½x2½ feet. The boys' and girls' dormitories are equipped with single beds. Each student should be provided with a pair of noiseless slippers to be worn during study period.

^{*—}Approximate, ninth payment is deducted from deposit at the end of the school year.

9. What are the dates for the financial statements and time of settlement?

The school year is divided into nine periods of four weeks each. The deposit is due and payable at matriculation. The closing dates of the nine periods are as follows:

(1) October 9	(4) January 1	(7) March 25
(2) November 6	(5) January 29	(8) April 22
(3) December 4	(6) February 26	(9) May 20

(Financial statements will be issued as of the above dates.) The discount period will extend not more than 15 days beyond the above closing dates. Since the school has set its charges as low as educational efficiency will permit, prompt payment must be expected.

COURSES AND GRADUATION

College Preparatory: This curriculum permits students to select, besides their required courses or subjects, several units from such fields as music, practical arts, and commerce.

Prerequisites for professional students: Students planning to study theology in college should include in their academy work two units of the same foreign language, two units of mathematics, and one unit uppergrade science.

Those planning on the medical or dental courses should take, as part of the graduation requirements, two units each of mathematics, science, and foreign language.

- 3. What are the monthly fixed charges for dormitory students? The monthly charges for board, room, laundry, and tuition are \$42.00 for girls and \$48.00 for boys. These charges are the same as they were during the second semester of 1942-43 and charges for girls are only 13 per cent higher than they were four years ago. While the charge for boys during these four years has been increased slightly more, yet due to higher hourly rates paid boys it actually requires now for most boys less cash and hours of work than previously to meet their school expenses.*
- 4. What is the cost of tuition for students who do not live in the school home? The tuition charge is \$13.00 per school month less \$1.00 monthly discount where all tuition is paid in cash.
- 5. Are there any fees aside from the regular monthly charges? Included in the \$40.25 advance payment is \$5.00 covering minor medical service, matriculation, laboratory, library, etc., for the first semester. A similar fee is charged at the beginning of the second semester.

Note: If music is chosen as an elective, it is suggested that sufficient music be chosen to make up about three-fourths unit.

ENTRANCE AND GRADUATION REQUIREMENTS

A student is admitted to the Academy upon the presentation of an eighth grade certificate or grades from accredited schools, or upon passing satisfactorily, examinations in subjects for which credit is claimed. Students are required to present grades from other schools upon matriculation.

To graduate from the college entrance course, a student must complete the studies listed as required above and select enough electives to have at least sixteen units. When a foreign language is elected, two years of the same language are required.

A student may elect two units of music credit in meeting the requirements for graduation. Credit is given for piano, voice, violin, all wind and reed instruments, as well as chorus, glee clubs, band, orchestra, and other organization work.

[†] General Mathematics may not be available, but it is offered as a possibility.

^{*} May be elective under certain conditions.

RINIER VISTA Goes Speeding Along?? Right! It has sped along, and now we can live with the memories of those happy hours over the dummy, even the long sessions when the rays of midnight electrodes were shed over the roster, cuts, and captions!

And now as the last spark of imagination flares, we offer it to you.

When the golden sun is setting And the west is a sea of flames Remember the Rainier Vista Staff As you gaze upon their names.
